College is indeed necessary for each and every one. Thus for a successful career, the student needs knowledge, confidence, academic and technical skills, career opportunities and social skills.	In my college all the teachers are well qualified and masters in their field.They are not just post graduates, some are PhD and more than that. They teach us very kind and explain every topic very smoothly and writing each thing in board	Discipline is the key factor what parents want for their child to learn in college by teachers which they won't learn in their comfort zone (Home). Parents think college teachers should educate, breed, feed, nourish our children. They should take over all parental responsibilities.	Placements are good, faculty are awesome, Campus provides good environment to student and everyone are so friendly with each other. All the students are cooperative and supportive. I like the most about this college is the big campus and their vision of being the best institution of choice.

1	Swanti	Sh. Chander Mani Sharma	Female	Roshan Lal Pawan Kumar Karyana Store Main Market Talwara Opposite Police Station	9464416070	miss.swanti@gmail.com	Bsc Non-medical	03-GCT-150	2002	2006	PGDTE, M.A. in English, BSc.	Livelihood and Environment Coordinator in Pratigya - Ek Nayi Soch	NCC C certificate, Roll of Honour, TSC Delhi, attended SSB, OTA Gwalior, Mountaineering camp, Bronze Medal in shooting, awarded with college colour.	I am forever grateful to have attended an institution that nurtured my academic, personal, and professional growth. The college's supportive environment, experienced faculty, and innovative curriculum provided me with a solid foundation for success. I cherish the memories, friendships, and lessons learned within its walls. Government College Talwara will always be a special place that shaped me into the person I am today."	Bring in the courses to elevate the learning so that students must not go outside the town to pursue their studies. Introduce vocational courses in areas like IT, hospitality, healthcare, and entrepreneurship to equip students with industry-specific skills. Offer professional degree programs like BBA, BCA, BSc (IT), and BCom to cater to the growing demand for specialized education. Collaborate with industry experts to offer skill development programs in areas like digital marketing, data analytics, and cybersecurity. Partner with online platforms to offer courses and certifications in emerging fields like AI, machine learning, and cloud computing. Introduce research-oriented programs at the undergraduate and postgraduate levels to foster critical thinking and innovative learning.
